Docril®
solution dyed acrylic

Hallo.

Ontdek de tijdloze schoonheid en hoogwaardige kwaliteit van Docril Solution Dyed Acrylic, een exclusieve collectie die speciaal op aanvraag leverbaar is. Deze stoffen vormen de absolute klassieker binnen de zonwering: elegant, duurzaam en ontworpen om jarenlang intensief bescherming te bieden tegen de elementen.

Door het solution dyed (in de massa geverfde) acryl vervagen de kleuren niet door zonlicht en blijft het materiaal uitstekend bestand tegen weersinvloeden. De collectie biedt een perfect afgestemde stof voor elke stijl en toepassing:

- **DOCRIL N - BOOTACRYL**
Een zwaardere, extra robuuste kwaliteit die speciaal is ontwikkeld voor maritieme toepassingen en maximale bescherming op het water.
- **DOCRIL SOLID**
Strakke, egale en tijdloze uni-kleuren voor een krachtige, moderne uitstraling.
- **DOCRIL SOLID & TEXTURED**
Effen tinten verrijkt met een subtiele structuur voor extra diepte en beleving.
- **DOCRIL BLOCKSTRIPES**
Het iconische en herkenbare blokstreepmotief dat direct een klassiek zonweringgevoel oproept.
- **DOCRIL CLASSIC**
Traditionele streep- en kleurpatronen die nooit uit de mode raken.
- **DOCRIL FANTASY**
Creatieve, eigentijdse designs en verrassende kleursamenstellingen voor een uniek accent.

Of je nu kiest voor de ingetogen luxe van een egale stof of de karakteristieke uitstraling van een klassieke streep, met deze op-aanvraag-collectie kies je voor bewezen vakmanschap en stijlvolle zonwering die het buitenleven verrijkt.

Wil je meer informatie over de mogelijkheden van deze exclusieve collectie, of ben je benieuwd naar de tarieven? Neem gerust contact met ons op voor vrijblijvend advies of het aanvragen van een offerte op maat. We denken graag met je mee!
